LOOKING TO ROBERTS

He Is Expected to Change War Situation in Natal.

KIMBERLEY'S RELIEF

General Roberts Has Thirty-Five Thousand Men to Pit Against Cronje to Raise the Siege of That Belaguered City.

London, Feb. 13.—Lord Roberts has gathered 35,000 men, with whom, according to the best military opinion in London, he purposes turning the left of the Magersfontein lines near Jabodad, entering the Free State, compelling General Cronje to raise the siege of Kimberley, and thus making his first step toward Bloemfontein.

Lord Roberts has announced the appointment of General Sir Henry Colville, hitherto commander of the Guards brigade, to the command of the ninth division, which is being formed and will consist probably to a great extent of colonial troops. General Colville will be succeeded by General Reginald Pole-Carew.

Lord Roberts tells the correspondents that when he gets down to business they shall have opportunities to send news. His chief press censor issued new rules and in future all written communications are to go unchecked. Only telegrams will be censored.

For the next few days little news is likely to get through; but later there will be more freedom. Thus says the censor, and the last clause may be interpreted to mean that something is about to happen.

Kimberley, 20 miles away from Modder river position, is in sore straits. The details of the December death rate show that in a population of 14,000 whites and 19,000 blacks, the mortality was 60 whites and 138 blacks per 1000. The infantile death rate was 671 per 1000, among the whites and 913 per 1000 among the blacks. Enteric fever was prevalent.

This frightful state of things in December cannot have improved much if at all since, and the fighting power of the garrison must have been greatly diminished. Meanwhile the bombardment by the Boers has increased and there is imminent danger of the town falling under the very eyes of Lord Roberts. It is believed in circles close to the war office that he will move at once.

Scouts have approached within a 1000 yards of the Boer entrenchments at Magersfontein. They have found these strong, and ascertained that they are used as dwelling places. Naval gunners are constantly watching the enemy's lines with strong glasses, and they declare that there is an appreciable diminution in the Boer forces.

In Natal the Boer commandoes south of the Tagela occupy Bold's farm and several mines west of Chieveley. Two thousand Boers with three guns are advancing through Zululand towards Natal.

The war office is making preparations to continue the stream of troops for South Africa. Four large steamers have been chartered.

Japan agrees to let the Armstrongs transfer to England four naval quick-firers that were built for her, consenting to wait for the execution of her own order until the hostilities in South Africa are over.

Several other nations, by similar consent as to guns being constructed, enable England to secure 100 Maxims.

Two thousand men are constantly employed at Woolwich arsenal and all the gun and ammunition factories are working night and day to execute government orders. The weekly output of four firms is 4,000,000 rounds. Outside of the requirements for South Africa, Great Britain is accumulating immense stores of war material.

Considerable divergence of opinion exists as to the adequacy of the government's military proposals, even now. The military experts and press, while acknowledging the difficulties to be met, complain that nothing is said about measures necessary for the immediate emergencies in South Africa and declare that the government's scheme is mainly directed to a large increase of volunteers, untrained and unorganized men, while nothing is being done to prepare a large, well organized force, ready to take the field.

The only point that meets with universal approval is the announcement of the creation of 43 batteries which Lord Lansdowne has explained are to consist of 15-pounders of the newest and most modern type, and the further announcement that the reserves of stores and ammunition which Lord Lansdowne has admitted have been kept far too low, are to be rushed to the level required by modern improvement, and main-

tained there.

The Socialist tried to hold a pro-Boer or peace meeting at Mile End, London, Sunday night. A hostile crowd invaded the hall shouting "Down with the Boers," and singing the national anthem. Henry M. Hyndman, the Socialist leader, and others attempted to speak, but they were roughly handled and scattered. The utmost violence prevailed and the police were compelled to intervene and clear the streets in the neighborhood of the hall.

CHAS. CHICKERING DEAD.

He Either Fell or Jumped from a Fourth Story Window.

New York, Feb. 13.—Congressman Charles A. Chickering of Copenhagen, N. Y., was found dead outside the Grand Union hotel in this city early today. He had either fallen or jumped from the fourth story window of the hotel.

The body of Mr. Chickering was found on the sidewalk under an open window of his room, which was on the fourth floor, by a milkman driving through the street at five. Evidently it had been lying there sometime as his clothing was saturated with rain. It was clothed in underwear, socks, night shirt, trousers and vest. There was a bad gash in the right side of the head.

Chickering had been in the hotel all Monday. Had complained considerably of rheumatism, but nothing irrational in his actions had been observed by those at the hotel. He was 57 years old and serving his fourth term in congress.

A dispatch from Albany, says Mr. Chickering's friends there have been aware for sometime that he was afflicted with melancholia, following a severe attack of typhoid fever.

WAITING ON COURTS.

Injunction Against Taylor Will Come up at Georgetown.

Louisville, Feb. 13.—It is reasonably certain the political situation will remain in its present quiet state until a decision has been handed down by the court of appeals, clearing the title to the office of governor.

Before Judge Cantrill tomorrow the Democrats will bring suit in equity asking an injunction to restrain Governor Taylor from exercising any functions of the office of governor. It is expected a temporary injunction will be granted.

In case the Republican executive disregards the action of the court, as was done in the case of the Alonzo Walker habeas corpus writ and injunction against interference with the legislature the Democrats will not press proceedings for contempt, but take the case to the court of appeals, which according to their contention, is the last resort in these proceedings.

This plan was decided upon at a conference of Democratic leaders, including Governor Beckham, Congressman D. H. Smith, ex-Governor McCreary, Judge W. S. Pryor and several other lawyers.

A bill was introduced making Jan. 4, Governor Goebel's birthday, a legal holiday in this state.

Republican Legislature.

Frankfort, Ky., Feb. 13.—The lower house of the Republican legislature in session here today adopted a resolution returning thanks to the Ohio League of the Republican clubs for sympathy and encouragement extended Governor Taylor in the present crisis.

Thirty-two members were present, less than a quorum, and no other business was done.

FINANCIAL BILL.

Only Three Speeches Made in the Senate on That Measure.

Washington, Feb. 13.—The final week's discussion of the pending financial bill began in the senate Monday. The speakers were two Republicans, Mr. Elkins of Virginia and Mr. Wolcott of Colorado, and one Populist, Mr. Butler of North Carolina.

Mr. Elkins advocated the passage of the pending senate measure in a brief but forceful argument. Mr. Wolcott, chairman of the international bimetallic commission of 1897, spoke for many Republicans who adhere to bimetallicism, and his speech, earnest and eloquent, was accorded unusual attention.

Mr. Butler closed the debate for the day, advocating the adoption of his amendment providing for an issue of paper currency by the government.

Against Campaign Contribution.

Washington, Feb. 13.—Mr. Vandiver of Missouri has introduced a bill prohibiting corporations, trusts, etc. from contributing to campaign funds, or for influencing or intimidating employees.

The Philippine Question.

New York, Feb. 13.—The Herald's Washington special says action in relation to the Philippine question will be taken up at once by the senate committee on the Philippines.

L. F. Felts was shot and killed by William Lee, who a few seconds later was shot and killed by Deputy Marshal Baldwin. Baldwin and Felts traced Lee, an escaped convict, to a deserted house.

Wishing to take him alive, they resorted to the plan of hiding near the house and having a boy to ride up at full speed, screaming with terror. This brought Lee out of the house. Felts ordered him to surrender, but Lee swung himself behind the horse and drawing a revolver shot Felts dead. Baldwin threw himself on the ground to get aim on Lee's body. His first shot wounded Lee and the second killed him.

Fighting at Rensberg.

London, Feb. 13.—A dispatch to The Evening News from Rensberg says that severe fighting occurred during British retreat at various outposts, both sides suffering heavy losses. The dispatch adds that it is doubtful if Rensberg can be held.

TEXAS LEGISLATURE.

The House Makes Some Progress on the Tax Bill.

HEAVY TAX IMPOSED

A Blow at Bucket Shops Given When the Tax Was Placed at \$5000. Call of Another Extra Session the Question.

Anstin, Feb. 13.—Will the governor call another extra session to pass the tax bill or will he let the responsibility rest upon the shoulders of the legislature, is the talk here.

There are members who say they feel sure another session will be called and there are just as many willing to wager there will be none. With the exception of the section relating to occupation tax on merchants the second chapter of the tax bill has been disposed of by the house.

The addition of a clause putting a prohibitive tax on "bucket shops" and companies leasing wires to such concerns, and the imposition of a tax upon peddlers selling tombstones, was the chief charges made yesterday.

There was plenty of discussion, but nearly all amendments and substitutes were snowed under.

After a lively debate the house adopted an amendment to the pending tax bill placing a tax of \$5000 a year on telegraph, telephone or railroad companies who use, permit to be used or lease their wires for purposes of conducting a "leased wire brokerage business." The tax of \$5000 applies to every office conducting such business, and the object aimed at in the amendment is to tax the companies owning the wires which are used by brokers and dealers in futures in the conduct of their business.

This amendment came up as a special order, it having been postponed last week to enable members to think about it.

When the house adjourned Saturday the pending question was on the subdivision of the tax bill placing a tax of \$10 on cotton buyers, which the committee raised to \$100. After a long debate the tax remained at \$10.

The next four subdivisions, covering taxes on real estate, loan and investment brokers, mercantile agencies, skating rinks and baseball parks, were disposed of quickly and the amount of taxes fixed in the bill was not changed, but when the subdivision taxing steam laundries was reached there was a hitch and it took the house more than an hour to get away from the Chinese question. The subdivision was unchanged.

An effort to suspend consideration of the tax bill and take up the senate land bill failed, though presented to the house three separate times.

The house again expressed its unwillingness to hold night sessions when a motion to take a recess until 7:30 was defeated by the enthusiastic adoption of a motion to adjourn today.

The senate was without a quorum, hence no session.

Killed by a Train.

Lake Charles, La., Feb. 13.—A message from Welsh states that Viley Herbert, an old man, was killed by the Southern Pacific train near that place. Herbert sat down on the end of a cross-tie and was stooped over as though he might have been asleep. When the engineer saw the man he blew the whistle and Mr. Herbert raised himself up to a sitting position, but did not get up. The step on the engine struck the top of his head. The upper part of the skull was knocked off and death was instantaneous.

Judge Cannon Removed.

Franklin, Tex., Feb. 13.—Civil proceedings for the removal of County Judge O. D. Cannon was tried before a jury and the verdict found the allegations in the petition to be true and judgment accordingly entered removing him from office permanently. He had already been suspended by District Judge Taliaferro and T. M. Taylor was appointed during the pendency of the suit. The commissioners' court will now fill the vacancy. Judge Cannon is still in jail at Georgetown.

A Bullet Found.

Frankfort, Ky., Feb. 13.—The detectives working on the Goebel assassination have discovered a bullet embedded in one of the trees in the south side of the capitol square. It struck the tree about 20 inches from the ground and almost on a line from the executive building and the spot where Governor Goebel fell. A block of wood containing the bullet was cut from the tree and is now in possession of the prosecuting attorney.

Puerto Rican Tariff.

New York, Feb. 13.—The Herald's Washington special says the tobacco and sugar lobbies are responsible for the tariff on Puerto Rican commerce. The condition of the island was not considered, only what would be best for Republicans in the presidential campaign.

Texas Leaves San Juan.

San Juan, Feb. 13.—The United States battleship Texas which arrived here on Feb. 3, has sailed to join the American fleet off St. Thomas.

Mrs. Palmer Confirmed.

Washington, Feb. 13.—The senate confirmed the nomination of Mrs. Bertha Honore Palmer of Illinois to be a commissioner to the Paris exposition.

NICARAGUAN CANAL.

Bill for its Construction Will Be Pushed in the Senate.

Washington, Feb. 13.—Advocates of the Nicaragua canal bill hope to be able to call up the measure in the senate immediately after the vote on the financial bill next Thursday, but it has been decided that Senator Cullom should have the right of way with his bill providing for the government of Hawaii. This measure is not expected to lead to protracted debate, and after it is disposed of, the measure providing for the government of Puerto Rico will probably be taken up. The latter bill involves the tariff question and a long discussion is probable. The canal bill will likely be made the regular order after the Hawaii and Puerto Rico have been disposed of.

Senator Morgan, in charge of the canal bill, says it is not his intention to antagonize the other bills with the canal proposition. He realizes that more time will be required for the consideration of the canal bill, because of the opposition raised in some quarters to the Hay-Pauncefote treaty. He regards the final passage of the measure as inevitable, for there is an overwhelming majority for it in each house.

Senator McLaurin says none of the recent objections offered by the opponents of the canal based on the new treaty will have any influence on his vote in favor of the prompt passage of the bill. He says he is confident congress will provide all the safeguards necessary to protect the interests of the United States in time of peace or war. He regards the building of the canal by the government as an aid to the commercial interests of the south.

He is confident that even if there should be no international agreement Uncle Sam's navy and army will be able to protect the canal against all foreign interference.

The authorities say that primarily the concession accounts must seek redress from Nicaragua and Costa Rica in the event of government construction of the canal and it is presumed the parties are taking measures for the protection of their interests as far as possible.

Eventually the matter of compensation for the Eyrre-Cragin syndicate may be discussed in the negotiations between Nicaragua and the United States for the acquisition of territory for the waterway. The right of the Maritime Canal company to ask for an extension of its concessions is to be settled, the state department explains, by a commission of four members, provided the Nicaragua government will agree to the appointment of persons other than its own citizens as members of the commission.

Should the United States proceed with the construction of the canal it is expected it would purchase the property of the Maritime Canal company, which Rear Admiral Endicott estimated as worth not more than \$500,000 and which Representative Hepburn, chairman of the house committee on interstate and foreign commerce, says is worth about \$250,000.

TAKEN FOR A MANIAC.

Fitzsimmons' Experience With a Crowd and a Man With a Wagon.

New York, Feb. 13.—"Bob" Fitzsimmons, the pugilist, was noticed in a box at a Brooklyn theater Monday night by an improviso singer, who devoted one verse of his song to the ex-champion. This provoked yells and calls for a speech from the audience. Fitzsimmons arose in the box and facing the audience said:

"Tomorrow I shall post a forfeit of \$5000 in Manhattan and issue a challenge to Jeffries to fight me again for any amount, preferably \$10,000. I am willing to make an agreement for the winner to take all the receipts. If he won't accept I will take on Sharkey and if he don't want to fight I will take on McCoy or anyone else. All I want is to fight again."

When the ex-champion had concluded some one shouted: "Why don't you give Corbet another chance?"

"Let that dead one get a reputation first," replied Fitzsimmons.

When Fitzsimmons left the theater after the performance an immense crowd followed him. In order to escape he jumped on a passing wagon. The crowd still followed. The driver of the wagon seeing the crowd, was under the impression that Fitzsimmons was demented and attempted to eject him, but Fitzsimmons told him who he was. The driver then drove rapidly toward the Broadway ferry where Fitzsimmons took a boat to Manhattan.

Line Fence Murder.

Coffeyville, Kan., Feb. 13.—E. J. Nelson, a farmer, living near Lenapan, 12 miles south of this city, was shot and instantly killed by his brother-in-law Russel Henderson. They men commenced quarreling over the location of a line of fence. When they were less than four feet apart Henderson fired a shotgun at Nelson loaded with buckshot and tore Nelson's head almost off.

Ohio's Oldest Editor.

Upper Sandusky, O., Feb. 13.—R. D. Dumm, editor of The Union, after being connected with the newspaper business for 55 years, died here Sunday, aged 65 years, of heart trouble. He was born in Pittsburg, Pa. He had a national reputation as an editorial writer. He was the oldest editor in the state of Ohio.

Rev. Blander Dead.

Denver, Feb. 13.—Rev. Lewis Blander, pastor of St. Joseph's church of this city, is dead. He formerly occupied pulpits in Chicago and New Orleans.

"FAIRY TALES."

SOME FOLK'S pretences to always undersell the world are rather tiresome. No one has monopoly of Brains and money. It will be a very sorry day for this little town when competition ceases. The fanciful stories of some remind us much of our childhood days when we sat on Mothers knee listening to Mother Goose stories. But maturer years require more reason. You want something more substantial than Fairy tales. That by our constant attempt is to make the prices on our goods a point to meet the approval of the sensible purchasing public.

The many friends of Dr. J. L. Fountain will be glad to learn that he will be a candidate for the legislature this year from the Fifty-fifth district. Dr. Fountain's interests are thoroughly identified with those of the people of the district, and his knowledge of public affairs, together with his experience as a successful business man, equip him well for the duties which would devolve upon him as representative.

Bob Allphin and W. L. Clark were here yesterday and complained of the frightful condition of the road in the Navasota bottom in this county, and at other points this side. We understand the county convict force is to be put on this road as soon as they get through at Jones bridge. If so, they will soon bring it out of the kinks. Meanwhile the mudholes, are a great annoyance to the traveling public, and the remedial measures should be hurried as much as possible.

The fire boys held a meeting Monday night and by way of showing their appreciation of the faithful and efficient services of Mr. L. O. Zennatti, the company driver, presented to him a magnificent gold medal appropriately engraved, and showing in the special design a fireman's hat, a section of hose, and a perfect miniature facsimile of the Bryan chemical engine and hose cart, made from a photograph of the fine machine driven by Mr. Zennatti. Alderman A. J. Buchanan made an eloquent presentation speech in behalf of the fire boys, and it is needless to say "Jack" fully appreciated the honor his friends feel he so richly deserves. Mr. C. E. Jenkins presented to Mr. Joe Wasatka a certificate for having been the most punctual member of the company in attendance at both fires and meetings during the past twelve months.

A Fire, a Marriage and an Arrest.

The residence of Jack Nicholas, colored, located in Freedman town, together with most of its contents, was burned at 2.30 o'clock yesterday morning. The loss is estimated at about one thousand dollars, with \$550.00 insurance. Nicholas was to have married yesterday and had a supply of groceries on hand which were also burned. The wedding took place last night, Nicholas being married to Mrs. Addie Cook. Yesterday afternoon, Beulah Nicholas, the divorced wife of Nicholas, was arrested and lodged in jail, charged with burning his house.

I have entirely fitted up my shop new and have a handsome place now, and I am prepared to do first class work. I want the patronage of the citizens of Bryan and people of surrounding counties. From this date I will cut all boys' hair from age of 12 years old on down for 15 cents. Next door to Dunn & Daly. 64 JERRY.

For Mayor

The Eagle takes pleasure this morning in directing attention to the announcement of Mr. J. S. Mooring as a candidate for Mayor of Bryan at the ensuing city election in April. Mr. Mooring is too well and favorably known by the people of this city for his candidacy to need any lengthy introduction at our hands. He is a native Texan and has lived in Bryan twelve years. He is progressive and public spirited, and enjoys the esteem and confidence of all. He has never been a candidate for any office before. If elected the Eagle feels confident that he will discharge the duties of the office faithfully and with regard for the best interests of the city.

County Judge Removed.

FRANKLIN, Tex., Feb. 12.—The civil proceedings for the removal of County Judge O. D. Cannon was tried before a jury today and the verdict found the allegations in the petition to be true and judgment was accordingly entered removing him from office permanently. He had already been suspended by Judge Taliaferro, and T. M. Taylor was appointed during the pendency of the suit. The commissioners' court will now fill the vacancy. Judge Cannon is still in jail at Georgetown.

Beach & Bowers gave the best all round minstrel performance we have had this season. The first part is not strong musically, and new costumes would add materially to the effect, but the jokes were nearly all new and good and the work of Beach and Bowers was excellent. The olio is entertaining throughout and includes a number of fine specialties, notably the nondescript acrobatics, club swinging and bicycle riding and dog show.

DR. F. J. ANDERSON, OPTICIAN.

OF DALLAS, NOW AT OFFICE OF DR. J. L. FOUNTAIN, BRYAN.

Dr. F. J. Anderson, graduate of the London school of Optics and now located at 215 Main street, Dallas, Texas, may be found at the office of Dr. Fountain from February 14, until February 24, inclusive.

In view of the fact that I am a stranger amongst you and that I intend including Bryan in my circuit and visiting your town periodically, it is only right that I give the names of some of the people who recommend me:

DR. COOK, Mexia—"I have known Dr. Anderson for a long time as an expert optician who is thoroughly up-to-date in every particular. As a man I know nothing against him and know much in his favor. I heartily recommend him."

DR. OATES, Mexia, Texas—"I indorse him all over."

DR. CARRUTH—"I cheerfully recommend him to those needing his service."

DR. HOOPER—"I have known him for years. He understands his work."

THE REV. FRILEY—"Tell the people I recommend you. I wish you well."

DR. DAVID—"I know Dr. Anderson to be a conscientious gentleman. If he cannot do you any good he will tell you so."

I mention the people of the above town because Mexia is the nearest place to Bryan that I have ever visited.

My specialty is the fitting of glasses to all defects of vision, including the following:

1. Inability to read fine print, or to sew, or do any fine work for any length of time, especially by gas or lamp light.
 2. Smarting or burning sensation in the eyes.
 3. The eyes ache or water, or everything "swims" or becomes "dim" when attempting to use them for a short time.
 4. Redness or inflammation of the eyes and lids; there may be only a dull ache or sense of discomfort in or about the eyes.
 5. In some cases there is pain in the eyeballs, temple and forehead, also severe periodical headache, often attributed to neuralgia, accompanied frequently by nausea and general nervous and physical prostration.
 6. Squinting of the eyes in the effort to see more clearly.
 7. A frowning expression brought about by an involuntary effort of the muscles to overcome a defect of the refractive media.
- Glasses ground to overcome all errors of refraction. With Dr. Fountain until the 24th of this month.

The Jeffries-Sharkey Pictures.

An advance notice says: The genuine reproductions of the Jeffries-Sharkey fight will be seen for the first time in this city at the opera house Friday, February 16. These reproductions of the fight represent the very latest and best achievement of the moving picture makers' art. The figures of the principals and their advisers, the officials and many of the spectators about the immediate ringside are brought distinctly out on the canvas, enabling the spectator to follow the course of the most remarkable heavyweight battle in history of the ring from end to end and with almost as much satisfaction as though he were looking at the real thing. In fact, outside of the noise inseparable from a great combat, you might almost imagine that the original is before you.

ADMINISTRATOR'S NOTICE.

Notice is hereby given that I this day have been appointed temporary administrator of the estate of A. B. STRONG RESOLUTIONS

They Are Adopted at the Antitrust Conference at Chicago.

WIRED SENATORS

Besides a Committee Appointed to Go to Washington and Work Against the Currency Bill as it Now Stands for Passage.

Chicago, Feb. 13.—Judge John W. Beaman of Indiana, was the first speaker at the antitrust conference today. He made a strong speech against trusts. The following resolutions were adopted and ordered telegraphed to members of the senate:

"Whereas, there has been passed by the house of representatives a bill known as the currency bill, which bill is now pending in the senate of the United States, and, whereas, by said bill and by the senate amendment it is proposed by the law to extend further special and exclusive privileges to favored classes, and; whereas, the said bill and amendments if enacted into law would relegate to national banks governmental right to issue currency, bestow bonds upon bond holders; give a bounty of at least \$500,000,000 to National banks; demonetize silver and all paper money dollars; make all debts heretofore contracted and hereafter to be contracted, payable in gold; place it in the power of the money holding and money lending class, to contract currency at will and to possess themselves of the property of the people at pleasure; and in short, enthrone a money oligarchy; establish a continental bank trust; enslave the people and destroy the republic to the end that free government may perish from the earth.

"Now, therefore, be it resolved, that this conference hereby utter a most solemn protest against this most infamous measure. And be it further resolved, that the chairman of this conference is hereby instructed to appoint a committee of seven members to prepare a memorial against said outrage, and who shall be required to go to the capital of the nation for the purpose of presenting this protest to both houses of congress of the United States.

"And be it further resolved, that we warn the people of the United States of this new menace to their liberty, and call upon them everywhere to meet together at their courthouses and in their schoolhouses and other public places and thunder their protest against this most dangerous, audacious and oppressive measure ever presented to a legislative body by a set of conspirators."

These resolutions were presented to the conference by Judge Fleming of Kentucky, when Judge Beaman finished his speech, and were adopted by a rising vote.

After the adoption of the resolutions Mr. Thornton of New York notified the presiding officer that he would refuse to deliver the speech for which he was scheduled. Mr. Thornton made no statement on the floor of the conference regarding the matter, but in an interview later explained his reasons for refusing to take part in the conference as he was assured, he said, "this was to be a nonpartisan gathering. I had that assurance over the signature of President Lockwood of the antitrust league, and I am certain he does not approve of the partisan resolution against the currency bill. Mr. Lockwood was not present when the resolutions were adopted and if he had been here they might have met a different fate. I have positively refused to address the conference and will not be further identified with it as I consider the action makes it a partisan gathering."

The first speaker at the afternoon session yesterday was Governor Andrew Lee of South Dakota. Following his speech was the selection of the various committees.

Addresses were made during the afternoon session by Jay Miller of Illinois, Geo. Sherman of Michigan, T. C. Shell of California, Frank Elliott of Kansas, C. B. Matthews of New York and a paper prepared by Alexander Delmar, the political economist of New York, was read by Judge J. B. Fleming.

The conference then recessed until 7 o'clock p. m.

H. S. Bigelow, Congressman Sulzer and Bolton Hall spoke immediately after the night session began.

John R. Sovereign and W. J. Strong closed the evening session with speeches. Permanent organization will be the first business today.

Political Shot.

Perry, O. T., Feb. 13.—Harry Wright, a restaurant man, shot and probably fatally wounded Jake Ketchel at Nardin. Ketchel is a well known politician and runs a saloon at Nardin. Both men shot a half dozen times. Wright was not hit, but Ketchel was hit several times.

Steamship Labeled.

Galveston, Tex., Feb. 13.—James Moose, a longshoreman, filed a libel against the British steamship Electrician, asking for \$15,000 damages for injuries alleged to have been sustained while loading the ship with cottonseed cake Saturday. The vessel was seized, but released upon furnishing bond.

Hogs for California.

Hillsboro, Tex., Feb. 13.—Scofield & Weller will ship three cars of fat Hill county hogs for the Los Angeles, California market.

BULLER MOVING.

General Roberts Takes Command and Changes the Programme.

London, Feb. 13.—The cessation of war news from South Africa is taken to indicate that British preparations for a move from Modder river are about completed and important events are anticipated within a few days. Interest now centers almost wholly upon Roberts, and especially since Buller's report of withdrawal from Vaal Krantz. It is now known that the military attaches have gone to join Roberts at Modder river, this move precluding an advance.

A dispatch from Modder river announces the arrival there of 1400 refugees from Berkley West district. They had been ordered away by the Boers because they refused to join the republicans. The refugees reached Modder river via Koodoesberg.

It is learned that 200 Boers were killed or wounded during MacDonald's reconnaissance.

There is no confirmation of the reported sortie of British troops from Ladysmith nor of an outflanking movement.

A report comes from Durban that British artillery forced the Boers to evacuate a camp on Hlangwana hill, south of Colenso. It would be of important advantage if the British are able to occupy position.

The absence of French from the Rensburg district seems to have given the Boers an opportunity for renewed activity. They have apparently commenced an extended attack on the British lines and meeting with minor success which is having considerable moral effect on the border colonists.

The Boer invasion of Zululand is causing keen anxiety. Apart from the fact that it threatens Buller's supply it is difficult to believe the Zulus can long be kept quiescent, while their cattle is commandeered and country overrun by their hereditary foes.

The friends of Cecil Rhodes are becoming alarmed at his possible fate and have sent an emissary to see Dr. Leyds, the diplomatic agent of the Boers in Europe, in regard to the probable course the Boers would pursue in event of his capture. Dr. Leyds assured the intermediaries that the Boers did not intend to kill Rhodes, but he added they would certainly hold him as hostage until the indemnity for the Jameson raid was paid. In view of the developments since the raid, the Boers also decided to double the amount of indemnity demanded, so Rhodes' friends will have to hand over £2,000,000 before he is released.

It is also learned definitely that Dr. Jameson is still at Ladysmith, in spite of all conflicting reports.

A semi-official paragraph, published in The Globe, saying Germany does not contemplate intervention. The German government, it is added, does not consider itself concerned in the future status or existence of the Boer republic.

No Right to Sue.

Fort Scott, Kas., Feb. 13.—Judge Simons of the district court handed down an opinion to the effect that the depositors in the defunct State bank of this city, which was wrecked by the cashier, J. R. Coleman, who stole \$52,000 of the funds, have no right to sue the stockholders to recover the amount of their deposits under the Kansas double liability law. The court held that only the receiver has the right to sue the stockholders. The receiver had already sued, but the depositors were fearful that his suit would not terminate successfully, and they instituted proceedings to protect themselves.

Crews Rescued.

New York, Feb. 13.—The lifesaving crew of Bayhead took off 20 of the crew of the ship County of Edinburgh, which went ashore near Manasquan lifesaving station. The captain and officers, nine all told remained on board. The vessel is making no water.

The remainder of the officers and crew who had been left on the Savannah line steamer, Gate City, stranded near here were taken off.

Will Still Be Detained.

Port Townsend, Wash., Feb. 13.—The Japanese steamer Nanyo Maru which has been detained at the Diamond Point quarantine station for 14 days, owing to a third member of her crew dying and 17 more taken sick with the oriental disease called beriberi will be detained for a longer period.

School Is Suspended.

Petty, Tex., Feb. 13.—The public school is suspended indefinitely on account of the scarlet fever and smallpox scare. There are six cases of smallpox within two miles of this place. Some contend that it is not real smallpox. It is said one young man had gotten well before he knew what was the matter with him.

Golf Champion Killed.

New York, Feb. 13.—F. O. Tait, an amateur golf champion of Great Britain in 1896 and 1898, was killed during Gen. MacDonald's reconnaissance at Koodoesberg, being shot through the body. He had previously been wounded at Magersfontein.

Released on Bond.

Weatherford, Tex., Feb. 13.—I. N. Franklin, who was arrested here last Monday and placed in jail on a charge of arson has been released on bond in the sum of \$300 to await the action of the grand jury in April.

Squabble Is Reported.

New York, Feb. 13.—The Herald's Washington special says a squabble has arisen between the American and Turkish commissioners to the Paris exposition.
